Norton, as an agent at the Angela Rinaldi Literary Agency, as a producer on shows for Showtime and Court TV, and as a story analyst for Warner Brothers and the William Morris Agency.

Read Book Wired For Story The Writers Guide To Using Brain Science Hook Readers From Very First Sentence Lisa Cron

Wired for Story: The Writer's Guide to Using Brain Science ...

Wired for Story claims to apply neuroscience to the teaching of writing. Each chapter begins with a maxim derived from brain science and then explores its significance for the would-be writer. Unfortunately, that significance always turns out to be one of the old, familiar rules that writing teachers beat to death: hook the reader early, eliminate irrelevancies, and even the dusty one about showing not telling.

Wired for Story: The Writer's Guide to Using Brain Science ...

Backed by recent breakthroughs in neuroscience as well as examples from novels, screenplays, and short stories, Wired for Story offers a revolutionary look at story as the brain experiences it. Each chapter zeroes in on an aspect of the brain, its corresponding revelation about story, and the way to apply it to your storytelling right now.

Wired for Story - by Lisa Cron ISBN: 1607742454 Date read: 2012-11-18 How strongly I recommend it: 6/10 (See my list of 200+ books, for more.). Go to the Amazon page for details and reviews.. If you've read other books on how to write a great story, this probably won't hold much new for you.

Wired for Story - by Lisa Cron | Derek Sivers

Perhaps most importantly, *Wired for Story* will get you out of your own head and force you to think not like a writer, but like a reader. We want people to buy our books, read them, and leave positive reviews. So we better be cognizant of what their expectations are and what they will experience when they read our stories.
